Our services

Ground Transportation

Leveraging the Omni Line haul Network and carriers to provide a full menu of truck load and less-than-truck load services based on various time requirements, truck brokerage.

Air Transportation

Air charter, next flight out, hand carry and other expedited services.

Specialized / Project Logistics

Reverse logistics (returns management), trade shows, project logistics, chain of custody and small pack.

Support Services

Supply chain engineering, appointment scheduling, site survey, track and trace, 24-hour call center and database management.

White-Glove Delivery

Specialized delivery for high-value freight, including team delivery, installation, unpacking, debris removal, light assembly, repackaging, inspection and crating/uncrating.

Air, Ocean & Cross-Border

Primarily focused on cross-border Mexico ground transportation and global air transportation.

Customs Brokerage / Clearance

International compliance and customs brokerage ensure stringent compliance requirements are met while expediting delivery times.

Value-Added Services

System level testing, tape and reel, ink/lasermarking, repair, splitting, baking, kitting, packing, binning and returns management.

Warehousing & Fulfillment

Global warehousing and distribution and e-commerce fulfillment solutions, including inventory management, crossdocking.

Free Trade Zone & Bonded

Free trade zone and bonded warehouse capabilities can reduce taxes, resulting in savings to customers.
